

Cascale Annual Meeting

Sustainability Highlights

Efforts are being made to create a sustainable event with a positive, lasting impact!

VENUE SUSTAINABILITY

- Runs 100% on renewable energy
- Plastic reduction initiatives
- Locally sourced, sustainable menu ingredients
- Carbon offset energy usage

SUPPLIER SUSTAINABILITY

- Audited suppliers prioritize recycled materials
- Preference for suppliers using renewable energy
- Emphasis on local suppliers to reduce emissions

CIRCULAR EVENT DESIGN

- Post-event recycling of materials
- Furniture hired or donated locally
- Reusable sponsor stands and prints

TRANSPORTATION & WASTE MANAGEMENT

- Sustainable trucking methods
- Zero-waste menu with leftovers donated
- Single-use plastic free event
- On-site recycling facility for AV equipment

ENERGY EFFICIENCY

- Energy-saving AV and lighting systems
- LED lights and energy-saving equipment mode

ADDITIONAL CONSIDERATIONS

- Accessibility and event comfort prioritized
- Carbon footprint calculation
